In our communities, less than 30 minutes south of Winnipeg in the Rat River Corridor, it is possible to have the best of both worlds – in more ways than one.

- Combine modern medical **technology** with a lifestyle that lets you get to know your patients.
- Know that the big city lights are **close at hand** when you want additional professional collaboration or need a quick change of pace.
- Benefit from local **healthy activity** opportunities: 2 golf courses, Provincial Park, tennis court, trails, 2 arenas, 2 curling clubs and special sporting events!

Our communities are proud to support and promote the great health care services available here, that help us stay healthy. If you are interested in working in rural Manitoba, consider us!
